Taking care of your vehicle graphics.

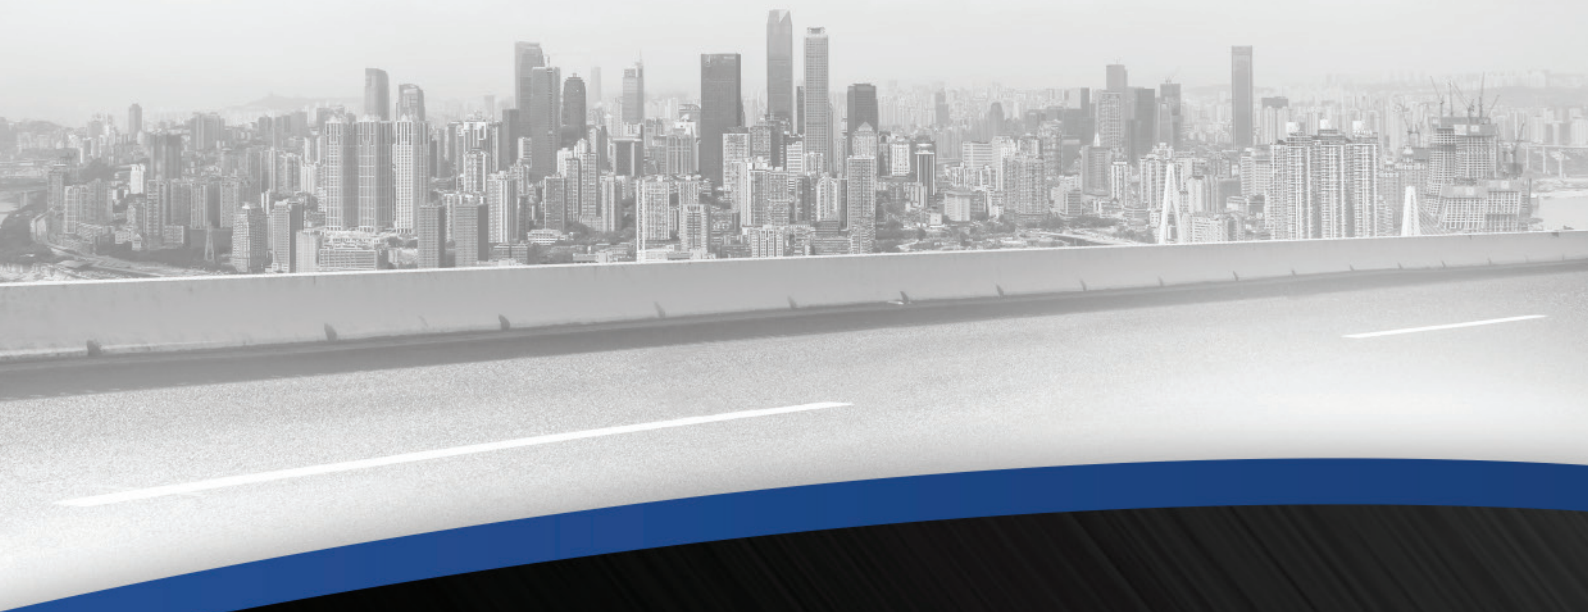

Care for your vehicle graphics like you would any other paint finish on your vehicle.

Do not use:

- Automatic car washes
- Wax or similar coatings
- Pressure hoses
- Bristle type brushes
- Cutting and polishing agents
- Harsh cleaning agents
- Avoid using rear windscreen wipers where graphics are applied
- Watch out for small text, they are delicate and rubbing could cause them to peel off.

We manage the project.
You manage the business.
